

Company Overview

iQ GovSolutions is a DBA of iQuasar LLC - an 8(a), ISO 27001 and ISO 9001 certified company. With over two decades of business experience, we deliver secure, scalable enterprise AI solutions for government and commercial customers. We create custom Machine Learning models that provide predictive insights, streamline decision-making, and support agency-wide modernization. Our team integrates advanced LLMs to power contextual, human-like interactions enabling intelligent AI Conversational Agents, Chatbots, Voice Agents, and automated support systems that improve user experience.
